

JUNE NEWS

Week of June 7 - June 11

A NOTE FROM YOUR TEACHER

Yay! Everyday I notice and remind the students what a wonderful job they are doing in class in many different areas. I love seeing them put out the extra effort and seeing they are proud when they are doing their best. As the year is coming to a close, please make sure your child empties his/her backpack each night. We will be sending home items through the week as we clean out our classroom and don't want them to have too much to carry on the last day. Also, please let me know if your child will be out on June 21.

OUR LEARNING FOCUS

Letterland: This week we talked about what happens when the vowel men go "out walking" including ai, ay, ea, ee, oa, and ie!

Daily 5/Literacy: This week, we worked on writing and editing our work so that anyone can read it clearly. We checked that sentences started with capitals and ended with punctuation.

Math: This week we continued our spiral review for all math concepts that we have taught throughout the year.

Science: This week, we learned all about the season of summer- sun safety tips, the importance of using sunblock, and we also discussed activities we can do in the summer and cool summer treats that we like.

Positivity Project: This week we learned about Other Person Mindset where we did a review and we discussed many of the various character traits including honesty, being thankful, and supporting /celebrating others.

IMPORTANT DATES
